

Village of Burbank
Complaints / Corrections / Permits
January - February

31 South Front St. & 33 South Front St. - An extension has been issued for the corrections to continue in the spring.

121 South St. - An interior inspection has been made. The structure is unfit for habitation. I am working with the daughter of the owner to move forward with condemning the structures on the premises and ultimately ordering the demolition of the structures.

- A condemnation placard has been affixed to the doors stating the structures are unfit for habitation.
- Securing the property - boarding-up the windows and doors in the near future. We have received an offer for the donation of 7 sheets of plywood, fasteners and paint materials.

-The house, garage and shed have been secured.

46 South Front St. - Barn has been taken down and will be removed within 30 days.

-An extension has been given to complete the work due to weather conditions.
